LETTER FROM THE PRESIDENT

Dear Industry Colleagues,

Preparation for the Alaska Rheumatology Alliance Annual Conference is well underway, and we would like to invite you to participate in this year's engaging and robust meeting which will be in-person at the Hotel Alyeska in Girdwood, Alaska. This conference has become the premier Rheumatology event for the state, and this year's program promises to be one of our best yet. In addition, we will once again be offering CME with the program this year!

Rheumatologists, along with allied health care professionals from across the state and beyond, will gather to learn from top experts in their specialty as well as to gain insights into the other activities of our organization. This year's event allows us to continue the tradition of obtaining national rheumatology experts; and with CME credits available, we expect the attendance to continue to grow.

This two-day event features CME presentations and the opportunity to not only host a booth, but the ability to attend live and interact with physicians and health care providers. In previous years our attendees have represented >95% of the rheumatology providers from across the state, in addition to other subspecialties. This is an ideal opportunity for your company's representatives to participate in an event that each year unanimously receives enthusiastic feedback from our industry partners. We anticipate exhibit opportunities to be highly competitive, so don't delay - register today. If you have any questions, please contact Kirsten Fell, ARA Program and Outreach Director, at kfell@alaskarheumatology.org.

John K. Botson, MD | President and Founder, Alaska Rheumatology Alliance
